

## **Pupil Premium**

Young people who attend Ancora House School remain on roll of their home school. Pupil Premium remains with the home school.

We liaise closely with schools with regard to transition support and may be consulted to advise how best Pupil Premium could be utilised to ensure students make good progress in line with their peers.

As part of our monitoring process we are able to analyse data for Pupil Premium students discreetly.

All young people at Ancora House School have a personal curriculum plan and targeted support to address individual barriers to learning.
