

CESHIRE WEST AND CHESTER COUNCIL

HUMAN RESOURCES

DISCLOSURE AND BARRING SERVICE CHECKS POLICY

1. Introduction

- 1.1 Cheshire West and Chester Council recognizes it has obligations under safeguarding legislation and good practice guidelines to ensure that the residents of Cheshire West and Chester are fully protected by the provision of a safe workforce.
- 1.2 The Disclosure and Barring Service, an Executive Agency of the Home Office, provides access to criminal record information through its Disclosure service. This enables organizations in the public, voluntary and private sectors to make safer recruitment decisions by identifying candidates who may be unsuitable for work with children or vulnerable adults.

2. Policy

- 2.1 In view of the diverse range of employee jobs and non-employee roles affected by DBS checking arrangements, the Council will co-ordinate its approach across the whole Council, including Schools. This will include corporate policy decision making and streamlined procedures.
- 2.2 The Council will also process checks as an 'umbrella body' on behalf of a number of local voluntary organizations to support them to make safer recruitment decisions.
- 2.3 All roles, working (or volunteering) with vulnerable groups and classified as regulated activity will require an enhanced DBS check, some will be entitled to an enhanced check with barred list check. A minority of other professions are entitled to a standard check. Managers will be responsible for identifying the roles within their Service that will require a check. Only roles deemed as 'eligible' by the DBS will be allowed a check. If in doubt, the manager should discuss this with their HR Business partner and confirm the decision along with a justification to the internal CRB team

In positions where the activity is not regulated (as it does not meet the frequency or intensity elements) but the Council considers that the opportunity to develop trust through that position warrants an Enhanced DBS check, then a check will be carried out.

2.4 The Council will adhere to all of the SVGA regulations introduced since October 2009 and further revised in the Protection of Freedoms Act 2012;

- to ensure that barred individuals are not knowingly taken on and criminal penalties are avoided.
- to refer relevant information about an individual to the ISA as an employer and provider of adult/child protection services.
- employees and non-employee groups have a legal responsibility to update the Council if they become barred and are working with vulnerable groups.

2.5 The Council reserves the right to recheck the following employees at the interval specified below:

- Children and Young People Directorate – Non-Schools (those employees entitled to an enhanced/enhanced with barred list check) – every 3 years
- Adult Social Care and Health (those employees entitled to an enhanced/enhanced with barred list check) – every 3 years

The following non-employees should be re-checked as follows:

- Drivers etc. on contract (Transport co-ordination) – every 3 years
- Foster Carers – every 3 years
- Adopters - every 2 years for those who have been approved and not adopted a child in the previous 2 years.
- Shared Lives Carers – every 3 years

3. Aims/Principles

3.2 Information provided by the Disclosure and Barring Service will be treated with the utmost confidentiality and handled carefully and in accordance with the provisions of the Data Protection Act and the Disclosure and Barring Service Code of Practice.

ancora house school

As our invigilators are staff members that work at AHS we can ensure that all DBS and safer recruitment checks have been carried out prior to the staff members being appointed at the school.

If a situation arose where we needed to hire in invigilators, we would carry out a formal recruitment process for that position, in line with the council and schools safer recruitment procedure, all invigilators would be subject to a DBS check prior to being appointed.
